

MICHIGAN SENATOR TO BE DEMOCRAT; FIRST IN 70 YEARS

Senator Townsend Defeated
by Gov. Ferris, Democrat,
by 25,000 Majority.

DETROIT, Mich., Nov. 9.—For the first time in seventy years a Democrat has been elected to the United States Senate from Michigan. Senator Charles E. Townsend has conceded the election to former Gov. Woodbridge N. Ferris, the Democratic nominee for the Senatorial seat.

Mr. Ferris's majority will be in the neighborhood of 25,000—about the amount Townsend expected to win by. As predicted a few days ago, it was the big cities and a heavy vote that turned the trick for Mr. Ferris.

Townsend in his concession of the election blamed the women voters for his downfall and the failure of the Republican machine to function properly.

The defeat of the G. O. P. candidate, who has held the Senate seat consistently for twenty years, is made all the more bitter because the Senator was the only man on his party ticket to run behind. The balance of the Republican crew went over "big."

Politicians of both parties admit the vote in Detroit, Kalamazoo and the other big cities of the State did more to beat the Senator than anything else. Also, they say, due to the fine weather yesterday, women turned out in large numbers and the vote was heavy.

It was felt prior to the election that if a heavy vote was cast, Townsend would lose, as the Democrats made an issue of the seating of Senator Newberry and harped on that until the

last speech was made. This, it was felt, would have had little effect on the stand-pat Republicans, but it was sure to have an effect on the majority of the voters if they could be got to the polls.

There is no doubting the fact that both parties spent more money on this election than on any previous one, and the Democratic funds were gathered from all sections of the country for the fray.

Mr. Townsend, on the other hand, spent his campaign time in expressing platitudes and saying little that appealed to the people, while Mr. Ferris came to the front and spoke on the issues that interested the people of this State.

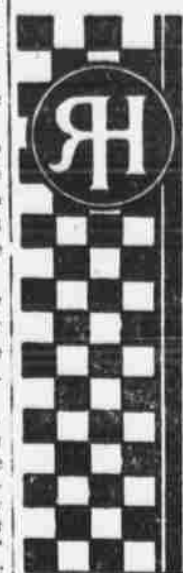

Mr. Ferris in a statement to-day repeated that he was still against the Newberry attitude and the Republican stand on the question. He as-

serted he would do all in his power at Washington to unseat Newberry, and he says he believes there is a way in which the question can be reopened.

FIND 'SLAYER' WAS SLAIN AND 'SLAIN' WAS SLAYER

DAVENPORT, Ia., Nov. 9.—After a three-day search by the police for Harry Carey, said to have murdered Macho Rocha, the discovery was made that the dead man is Carey himself and the real slayer, now thought to be Rocha, has had three days in which to escape.

Sunday the body of a man was found in Rocha's shack and was accepted as Rocha's. Carey had been seen visiting the place and suspicion turned upon him. The identification of Carey was made by his wife.

It's made of the Richest, Creamiest Milk—and more of it.

THE reason Grade A Bread is the best in New York is simply this:—It is made of the richest, creamiest milk, and more of it! That is what makes it Grade A.

Besides, every other ingredient—flour, salt, sugar, shortening, and yeast—is of the finest grade and of the purest quality obtain-

able. And every loaf is thoroughly baked, through and through, in slow ovens of the most modern kind.

That is what gives Grade A Bread its rich, delicate, home-made flavor. That is why it is so wholesome—so full of health-giving nutriment. That is why it stays fresh so long, slices so evenly and toasts so well.

It is New York's finest bread. Insist upon getting it—always.

GRADE A BREAD

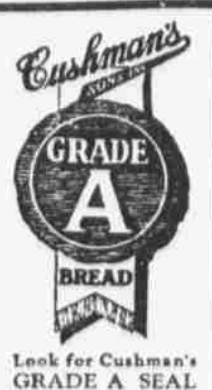

The richer, creamier loaf

Pure Food Analysis of Cushman's Bread

A prominent New York firm of pure food experts purchased ten loaves of Cushman's bread from ten different stores in greater New York and made one composite sample of the bread from the ten loaves. This they put through complete laboratory tests. They report Cushman's bread higher in protein food value than the usual loaf of white bread. Their analysis is as follows:

Total carbohydrates	54.07 percent
Proteins	9.19 "
Fats	2.90 "
Minerals (salt, etc.)	1.61 "
Water	21.17 "
Total food values per pound	1,255 calories

In a rigid bacteriological test of the wrappers around the bread, and the crust itself, it was found that the bread reached the customer absolutely pure, sanitary, and free from contamination. Name of pure food experts will be given upon request.

Months ago, receivers were appointed to handle the affairs of the Pathe Freres Company. The receivers came to Gimbel's, as the logical outlet for so huge a quantity of phonographs. And Gimbel's liquidated practically the entire Pathe stock—bought every Pathe instrument then available in every

Pathe warehouse. Nearly a million dollars' worth! Now Pathe Freres Company has reorganized. But in the final reconstruction, in payment of obligations due to Gimbel's, MORE Pathe phonographs have been turned over to us. All of these and the entire remaining Gimbel stock of Pathe phonographs go into the sale at the
